

## **Governor Vacancy – Winnersh Primary School**

We would love to hear from self-motivated and determined people from our community who have a desire to help the school to flourish.

### **About Us**

The governing body at Winnersh Primary School works collectively to provide support and challenge to the school leaders. They work with the Headteacher on a diverse range of matters from deciding the school's vision, making sure that funding is spent wisely and that children receive the best education possible.

### **The role**

Volunteering to become a school governor could be for you if you feel that you:

- could help make a positive contribution to children's education
- have a passion for children's education
- could you use your workplace skills in partnership with our governing body to promote continuous improvement in the performance of the school

If you have enthusiasm, a willingness to learn, the confidence to challenge and actively contribute during discussions, an ability to work closely and collaboratively with others then volunteering to become a school governor is definitely for you.

No specific governance experience is essential. However, we would particularly welcome nominations from people with skills or experience in education policy and curriculum, finance, recruitment, performance and inspection and being a chair of a board or committee.

You will be provided with training. This is delivered by Wokingham Borough Council or through the [National Governance Association](#). This includes online learning for other sectors and types of work. In addition, you will be assigned a mentor to support you and help you as you learn the ropes.

As a governor you will gain skills you may not otherwise acquire and get a wider perspective on a key part of your community. Most importantly, you will get the satisfaction of knowing that you are helping to make a difference in the education of the children who attend Winnersh Primary school
