## APPENDIX A BOROUGH COUNCILLORS REPORT

Ward member update to Winnersh Parish Council from Borough Councillors Prue Bray, Paul Fishwick and Rachelle Shepherd-DuBey

#### **Finance**

The Borough Council remains in a difficult financial situation, as the government settlement at the end of December was not enough.

The extra money we have received for next year is 1.8M, which may sound like a big number, but it amounts to only a 7% increase on the grant we got last year - and it does not go anywhere near enough to cover our additional costs of running this Council. If we follow the current course, the inflation cost increase alone is predicted to be just under 9M, for us next year. Our government's funding, per resident, is still the worst in the country and if we were paid just the national average, it would inject a staggering £30M extra into our budget.

# **Moving Traffic Offences**

As highlighted at the last meeting of the Parish Council the Department for Transport (DfT) recently announced that local authorities can apply for powers to enforce against 'moving traffic offences' which can currently only be enforced by the police under criminal law.

The aim of enforcing moving traffic offences is to make our road network safer for you and the travelling public. The consultation has now closed, and a report will be published shortly.

Project • Moving traffic offences (wokingham.gov.uk)

# **Bus Service Improvement Plan (BSIP)**

Following the Overview and Scrutiny process highlighted to the Parish Council on 12<sup>th</sup> December, the revised BSIP will be presented to the Executive on 25<sup>th</sup> January 2023, item 74.6.

Agenda for Executive on Thursday, 26th January, 2023, 7.00 pm - Wokingham Borough Council (moderngov.co.uk)

# Financially supported local bus services

The Council's Executive Committee will consider the retender of bus service contracts at their February meeting. The Executive Committee will also consider additional annual budget growth for bus services as part of the Council's Medium Term Financial Plan at the same meeting. However, with costs increasing by 58% compared to 2 years ago, further funding still needs to be found. The Borough Council will look to S106 contributions which have been collected from developments across the borough. These contributions may sustain the services for a three-year period, but in many cases the service will then need to be reconsidered, with a risk of service reductions or withdrawals.

The Borough Council is therefore asking all Parish and Town Councils, as well as neighbouring authorities and other local partners to consider proportionate contributions towards services, to help sustain them for longer. Whilst the Borough Council cannot spend Community Infrastructure Levy (CIL) funding on local bus services, Parish and Town Councils do have a wider scope to spend these funds, and if a Parish or Town council believes that a bus service helps address demands which development places on

their area, then a contribution from these funds would be permitted under 59C(b) of the CIL regulations.

A formula based on the mileage which contracted local bus services currently operated within each Town and Parish area has been established and the contribution would be annually for 3 years from September 2023.

The Council has introduced a new system for general enquiries and the link is provided below.

Highways General Enquiry · Customer Self-Service (wokingham.gov.uk)

The report a problem remains open for anyone who wishes to use this system to report pot holes, blocked gullies, faulty street lights etc.

Report problems - Wokingham Borough Council

Where you will be directed to a schedule of common reported issues.

# Winnersh reports

Your Borough ward councillors continue to report many issues, generally related to highways such as pot holes, blocked drainage systems, faulty street lights etc.

# Repairs to B3030 Robinhood Lane

Repairs have been made to the road surface on the approach to the bridge over the A329(M) in Robin Hood Lane. We will continue to monitor this location for further issues.

# Ofsted rating

We are pleased to report that Ofsted have rated the council's Adult Education service as "good" following an inspection in November.

We are awaiting decisions from the Department for Education on whether our bids for funding for 2 new special schools have been successful. We have submitted our bid to the Safety Valve programme for support with Special Educational Needs funding for the next 5 years. We expect to hear the outcome on both of these before the next Parish Council meeting in February.

# **Dolphin Close**

There has been a change of ownership in Dolphin Close from L & Q to Southern Housing.
